Mexico as War Base, is Reported German Plan.

SUBMARINE RAID BRACER FOR CARRANZA, IS VIEW.

Wants Said to be Organizing Mexicans, Holding Out Texas and Other Territory as Bait.

BY RALPH BLOOM.
[EXCLUSIVE DISPATCH.]

WASHINGTON, June 5.—There is a Mexican end to the strategy of German submarine raiding, according to observers of German affairs in Washington. Mexico is in process of organizing a state of war, and by others who fled south when the Germans were already devoted to that task before the United States declared a state of war, and by others who fled south when the Germans were already devoted to that task before the United States declared a state of war.

Subjects are supposed to be German operations in Mexico. Both immediate, and most identified with the new submarine venture on Atlantic Coast, is the attempt to shut off all shipping from the British from Tampico.

Germany wants a Pacific base, and wants to retain her interest in the Caribbean Sea, accomplished under German through Mexico.

Germany's campaign becomes more serious, partly because of the submarine campaign in the Caribbean Sea, and partly because of the submarine campaign in the Caribbean Sea.

KING LEAVES SICK BED TO SEE RACES.

SPANISH RULER'S DEVOTION TO SPORTS CAUSES PHYSICIANS WORRY.

[ATLANTIC CABLE.—EXCLUSIVE DISPATCH.]
MADRID (Spain) June 5.—King Alfonso was recently stricken with a strange malady that is raging throughout Spain. He was confined to the palace for several days under orders of his physicians. However, the orders of the physicians became ineffective when the king decided to attend to the races and reported in the evening that he was fully recovered from his illness.

The malady is serious in the country. Many have died. The illness leads to a series of fits that prove fatal in most cases.

SEVERAL ARE KILLED IN SHIP EXPLOSION.

[ATLANTIC CABLE AND A. P.]
LONDON, June 5.—Several persons were killed by explosions or drowned in the capsizing of a lifeboat from the steamer Kenilworth Castle, which reached a British port today in a crippled condition as a result of a collision. A number of persons are also reported to be missing. The steamer had on board about 100 passengers and mail from South Africa.

The explosions followed the collision. The Kenilworth Castle is a steamer of 12,515 tons. She was built in Belfast in 1904 and is owned by the United Castle Mail Steamship Company.

AMERICAN TROOPS TO GO TO FRANCE VIA CANADA.

[EXCLUSIVE DISPATCH.]
WASHINGTON, June 5.—California troops now at Camp Kearny, or at American Lake, Wash., will doubtless be well represented in a peaceful invasion of Canada that is now being planned by the War Department.

Upon invitation of the government authorities of the sister dominion, a body of 2000 or 3000 American troops from the West are to be taken to France through Canada to prove to the hardy farmers of British Columbia and the other Canadian provinces that our men are really going to the front in great numbers.

While all the details have not been worked out, it is known that this is a result of a visit to Ottawa.

AUSTRIAN OFFENSIVE NEAR.

[ATLANTIC CABLE AND A. P.]
WASHINGTON, June 5.—Dispatches today from Rome said it was believed the expected Austrian offensive would start within a few days. The Austrians, it was said, are bringing up about sixty of their best divisions and are massing cavalry on the lower Piave.

OUR PATROL PENETRATES TO ENEMY'S THIRD LINE.

Against Odds.
Allies Smother Every Prussian Attack as it Begins; Local Successes Improve Foch's Front.

[ATLANTIC CABLE AND A. P.]
WASHINGTON, June 5.—An American patrol of thirty men penetrated to the enemy third lines in the Lunerville sector early this morning. The Americans encountered two hundred Germans and attacked them with grenades, bayonets and bullets.

The fight lasted twenty minutes and many losses were inflicted on the enemy. The American loss was extremely light.

WASHINGTON, June 5.—Penetration of enemy positions in Picardy and Lorraine by American patrols which inflicted losses upon the enemy in killed and wounded, was reported tonight in Gen. Pershing's communique. In the Woivre artillery fighting has diminished.

The statement follows: "Patrolling activity continues in Picardy and in Lorraine where our troops penetrated the enemy positions and inflicted losses in killed and wounded. In the Woivre artillery fighting has diminished."

WITH THE AMERICAN ARMY IN PICARDY, June 5.

The battle area in this sector was swarming today with aircraft. The enemy attempted to bomb villages to the rear of the American lines, but most of the bombs fell in the fields.

Artillery activity has increased in intensity, but all reports are to the effect that the line is holding firmly.

ALLIES STOP EVERY HUN ATTACK.

[ATLANTIC CABLE AND A. P.]
WASHINGTON, June 5.—The enemy's entire pressure appears now to have been turned upon the western flank, where he is making the greatest effort to straighten out the bulge into his lines occasioned by the determined resistance of the Allies.

The point of his most pronounced advance on the southern end of this bulge is at Moulins-sous-Touvent, northwest of Soissons. The Germans have brought forward much of their artillery, and local operations, in which infantry and machine gunners are engaged, are almost incessant. North of the Aisne, as well as to the southward, every attempt of the Germans in the last few days to make further progress has been frustrated as it was begun. The Allies have even been able to improve their positions at some points.

This was the case between Corcy and Longpont today. Here the opposing lines were along the edge of the forest of Villers-Cotterets, into which the Germans are trying to obtain an entry. In the meanwhile the Germans have assaulted several times unsuccessfully.

From this vicinity they have been bombarding La Ferté-Macé, but have been unable to break down the barrier of Allied resistance and have been subjected to very heavy losses. Their object seems to be the envelopment of the Allied troops occupying the bulge or forcing them to fall back.

The Allies, however, are holding firmly at both ends for the present, despite their inferior numbers, and the German push appears to have reached an obstacle which the enemy finds difficult to overcome.

FLANK ATTACK HELD.

[ATLANTIC CABLE AND A. P.]
LONDON, June 5 (via Ottawa).—The fluctuating character of the battle in France was strikingly illustrated yesterday. There was every reason to hope that the Germans had been held but the enemy made another desperate effort between the Aisne and Ourcq rivers, apparently endeavoring to outflank the town of Villers-Cotterets, which he failed to capture by frontal attack.

This was flanked by the Somme. The Allies, however, are holding firmly at both ends for the present, despite their inferior numbers, and the German push appears to have reached an obstacle which the enemy finds difficult to overcome.

ALLIES' GAINS BALANCE SUCCESSSES OF GERMANS.

[ATLANTIC CABLE AND A. P.]
LONDON, June 5.—The military correspondent of the British wireless service writes as follows concerning the operations on the western front: "The German offensive in the Aisne sector may almost be said to have reached that position of stability to which it would require the introduction of some new factor. All operations of the last twenty-four hours have had only local or tactical significance, and in the balance have been as much in favor of the Allies as of the enemy."

"Two points are especially noteworthy—the appearance and successful operation of an American unit on the Chateau Thierry front and the considered expression of confidence published by the Allied Supreme War Council."

MARNE AGAIN MARKS END OF GERMAN ARMY'S DRIVE.

[ATLANTIC CABLE AND A. P.]
WASHINGTON, June 5.—With the Berlin official statement tonight conceding that there is "no change" on the western battle front, observers here became increasingly confident that the River Marne, for the second time in the great struggle, has marked the end of a drive intended to crush resistance to the German war machine.

There was some question as to whether it was possible that history would repeat itself and the invader again be hurled back in precipitous retreat before a vigorous offensive. There was nothing to indicate, however, that any officers familiar with the progress of the fighting believed such a strategy by Gen. Foch's armies was to be expected now. They did not see any reason to believe that German power had exhausted itself.

It is more than possible, it was said, that renewed assaults on the line from Chateau Thierry to Soissons would come at any moment. Everybody here is greatly pleased with the evident good impression created by the American troops.

MISKE BOXES; HEARS JAZZ.

Visiting Fighter is Guest of Doug Fairbanks.

Men on Friday Night Card All Working Out.

Shrine Show will be Run off with Snap.

All of the fighters who are scheduled to go into the ring Friday night at the Shrine show at the Shrine Auditorium, as well as the principals of the fracas, Willie Mehan and Billy Miske, have been working out all week in preparation for a tough series of bouts. Sailor Kramer, Kid Menda, Monk Fowler, Louis Reas, Phil Salvador, Young France, Steve Dalton, Billy Wilson, Emil Becker and Henry Gasline, who fought the five bouts leading up to the big event, are in excellent shape for the show. Four-round bouts will be staged in the Shrine Auditorium.

Yesterday afternoon, Billy Miske worked out against Joe Benjamin and CHE Jordan at the home of Douglas Fairbanks, where the actor-athlete, Charlie Chaplin, Capt. Poundstone, Ensign Murray, Chief Gunner Alden, Tim McLean, Jack Reddy and part of the Sub Base Campaign Jans Band took part in a training and swimming party. Miske delivered a lot of heavy punches, which Benjamin especially did well to stand up under, since he is considerably under Miske's weight. Jordan proved to be a more evenly weighted training sack for the heavyweight contender.

The promoters of the Friday night show are being careful to arrange their program so that the events may run off in the least possible space of time, having taboed all speeches and passing of the hat.

Tickets for the show have been placed on sale at the local sporting goods dealers, including B. H. Dyas, Collins-Cline Company, Spaulding and Tufts-Lyon, as well as at Louis Gold's cigar stand, where Sailor Jackson is stationed in charge of all reservations.

They WANT TITLE OF WALTER MILLER.

WORLD'S CHAMPION GRAPPLER GETS AN OFFER FROM THE NORTH.

Another stir in the reawakened wrestling world! Comes now Ted Tye of Spokane, a battler of the first order, with a deft to Walter Miller, the world's middleweight champion and instructor of the Los Angeles Athletic Club. Tye seeks the title upon which so many covetous eyes are turned, and which Miller has held so long against hundreds of aspirants, and would stage the bout July 10 at La Grande, Idaho. An offer guaranteeing \$500 and expenses was received yesterday by Miller and it is likely the Athletic Club will send him up and let Tye flatten him out on the mat, should it once before Miller get the decision. The loser isn't quite satisfied, or convinced, and the champion appears eager to let him make sure one way or the other.

Tye challenged him as winner of the Miller-Kennedy match, but by Eddie O'Connell of Portland, another challenger, beat him to it in getting a date at the L.A.A.C. The Miller-O'Connell mat will be fought out Thursday night, June 20. Miller is training vigorously for that event now and O'Connell, who is wrestling instructor of the Multnomah Athletic Club and has held similar positions in Yale and Cornell, which attests to his high standing, is busy in Portland.

There is more activity and interest now in the wrestling game than for several years, and Los Angeles is becoming a world center for this great sport since Miller located here. Everything indicates that many scrimmages of even more than national interest will be pulled off in this city. The L.A.A.C. is encouraging this clean sport in every way possible.

HIGGINS MAY GET NEW COACHING JOB.

The wisecracker would not be surprised if Pat Higgins, one of Southern California's most famous athletes, accepted a coaching berth at Hollywood or Manual Arts high school. Both institutions are in need of mentors. At present Higgins is coaching at Thatcher School in the Ojai Valley.

TRAIN IN OLD FIELDS. Dean Cromwell, football coach of the U.S.C. varsity, has shipped four of his most promising candidates to the old fields near Bakersfield for a hardening up course. The Trojans taking the trip are Charles Toney, Ken Tipton and Harold and Amor Galloway.

THE women's city of Los Angeles golf championship, which is being played on the Griffith Park links, has reached the semifinals. Mrs. G. M. Midgely plays Mrs. L. T. Milliken, and Mrs. Albert Roscoe plays Miss Olive Elison today.

Mrs. Midgely and Mrs. C. A. Perley had the one really interesting match of the day yesterday, for Mrs. Perley was 2 up at the turn, but the match was squared both at the eleventh and the sixteenth. Mrs. Midgely won the seventeenth and then showed off with a shining three on the eighteenth to Mrs. Perley.

Both were playing a pretty game. Mrs. Milliken won from Mrs. G. H. Lockwood, 2 and 1, Mrs. Albert Roscoe from Mrs. John Shepard, 10 and 8, and Miss Olive Elison from Mrs. E. L. Jergins, 2 up.

There is a special defeated tour

flight, with trophy, in which Mrs. Perley plays Mrs. Lockwood and Mrs. Shepard plays Mrs. Jergins today.

In the second flight Mrs. L. E. Ford won from Mrs. H. B. Spratt, 7 and 5. Mrs. Frank Hall came through on a bye; Miss Margaret Irish beat Mrs. F. L. Warren, 10 and 8, and Mrs. Helen Sawyer has a bye.

Today's matches are between Mrs. Ford and Mrs. Hall, Mrs. Roscoe and Mrs. Midgely will contest the championship honors in the first and, while Mrs. Midgely is by no means the skilled tactician that Mrs. Roscoe is, she knows every break on the Griffith Park links and Mrs. Roscoe, on any other course, the issue would be in no doubt, but at Griffith Park, Mrs. Midgely has a sporting chance of winning the laurels.

SPITBALL IS FAST VANISHING.

(EXCLUSIVE DISPATCH.)

CHICAGO, June 5.—Spitball pitching is a thing of the past in the American Association. When hurlers found they would not be permitted to tamper with the ball because umpires were instructed to carry out the rules to the letter, they abandoned all attempts to "get away" with anything. Not a single complaint against the alleged use of the spitball, emery ball or similar deliveries has reached Thomas J. Hickey, president of the association, in the first five weeks of the season.

"I consider this a remarkable record," President Hickey said, "for the past all sorts of trouble over the spitball and other prohibited deliveries. The elimination of these deliveries has resulted in a speedier game, fewer wrangles between the umpires and managers, and a more spirited batting contest, which has made a strong appeal to the fans of the game."

The success of twilight baseball in Minneapolis may lead to the adoption of the "after-supper" game in two or three other cities in the association.

LOS ANGELES EVENS UP WITH OAKLAND.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 5.—Los Angeles evened up the series with Oakland, winning 3 to 2. Five innings a double and an error in the third gave the Angels a lead that was never lost. The score:

FRANCE BACKS
ITS LEADERS.Vote of Confidence Given
Premier Clemenceau.Deputies Cheer Mention of
American Troops.Soldiers Need No Exhortation,
House is Told.

(BY ATLANTIC CABLE AND A. P.)

PARIS, June 5.—The position of the Clemenceau government is strengthened as the result of the vote of confidence given yesterday in the House of Deputies. The minority, which voted in opposition to the government, included eighty-five Socialists, nineteen Radical Socialists belonging to the almost permanent opposition, and six other members belonging to the different shades of political faith on the left.

Clemenceau Victor.

(BY ATLANTIC CABLE AND A. P.)

PARIS, Tuesday, June 4.—Premier Clemenceau gained another victory over his opponents in the Chamber of Deputies today before a large crowd which packed the chamber. Every Deputy was in his seat.

The Premier argued that this was not the time to discuss military operations, and that Deputies should concentrate on the political situation. Cool and collected as he walked back and forth on the wide tribune while a storm of interruptions from the Socialists surged up from the benches, the veteran leader resembled a weather-beaten captain pacing the bridge of his ship, lashed by a heavy gale. The Premier spoke without bitterness and when referring to the rights he had seen at the front recently his voice assumed a tone of intense sadness.

Speaker De Gaulle seemed powerless to quell the Socialist uproar. The Premier folded his arms and surveyed the Socialist benches earnestly and patiently. When the interruptions did not subside he suddenly descended upon the tribune, apparently deciding not to continue, and apparently deciding not to continue.

SOCIALISTS QUIETED.

Marcel Cachin then succeeded in quieting somewhat the exuberance of his Socialist colleagues, the most active of whom were Deputies Raoul Dugues and Degrelle.

Premier Clemenceau resumed the tribune after Cachin's speech, and enlivened the French chamber with a series of remarks, saying that the soldiers had fought one against five and sometimes five against ten.

Our duty is very simple, the Premier said. "Our resolve must be to carry on the fight to the end. Victory depends upon the civilians. It is they who must be exhorted not to become discouraged. Our soldiers do not need such exhortations."

CHEER AMERICANS.

Cheers arose from all parts of the House when the Premier mentioned the American troops, saying: "The Americans are arriving. We are giving the game upon the help of the Americans."

Deputies Violette, Lenoir and Renaud, in turn, attempted to create a diversion and to distract the Premier from the tribune. If we have been bad comrades, dismiss us. If we have done our duty, give us your confidence.

The vote was then taken and the government was victorious by 377 to 116.

Mr. Byrns has been drafted, his Art Galleries, corner 8th and Hill, have to be closed out; he has authorized us to sell out his entire collection for whatever it may bring under the hammer.

His collection of Oil Paintings, the finest to be seen at any art gallery, embraces the works of foremost ancient and modern masters—Geo. Innes, A. H. Wyant, Ralph A. Blake, Adolph Schrier, Fritz Thanlaw, Josef Israels, Wm. Keith, Emil Van Marcke, Ballard Williams Carot, Jules Duppe, Maurice Braun, Granville Redmond, J. M. Gamble, A. R. Valentine, Gordon Coutts, and many from Frank C. Haven's collection from Piedmont Galleries.

THE COLLECTION OF WATER COLORS

Is most interesting, among which are to be seen war-zone subjects by Carlton, the noted English painter of architectural fame. Scenes of cathedrals and market places in Belgium and France now in ruins. Ypres, Rheims, Antwerp, Brussels, Angers, Malines.

ORIENTAL RUG COLLECTION

Is small but varied, consisting of the choicest specimens of Persian, Kermanshah, Saruk, Tabriz, Isfahan, Saraband, Laver, Dozar, Ghulistan weaves which are so rare now. They are in small and large sizes. There is one Selet Kermanshah in 20x14 size.

ITALIAN MARBLE COLLECTION

Is from P. P. I. Exposition and includes the original examples of Carrara and Castelfano. Marble statues, pedestals and lamps by master sculptors.

All these beautiful works of art that money cannot replace them now have to go under the hammer to the highest bidder.

This is an opportunity to acquire and embellish your homes with finest works of art at your own price, especially at a time like this when the government has put embargo and ban against the importation of this class of goods, have forced prices beyond the reach, need no emphasis from us.

This is an open and free sale. Liberty Bonds accepted same as cash.

SEND MORE PLANES, GUNS, SHIPS!—RICKENBACKER.

First Direct Word from Famous Los Angeles "Ace" a Patriotic Appeal. Tells Thrilling Story.

FOLLOWING is the official record in dispatches of Lieut. Edward Rickenbacker (now Rickenbacker by his own choice), famous Los Angeles flying "ace," to date:

May 1—Brought down a German airplane in enemy territory.

May 14—Brought down a German biplane after a battle near the front.

May 15—Encountered three enemy planes northwest of Toul; brought down one of them, himself narrowly escaping when his plane collided with a German plane, sending him spinning down.

May 16—Single-handed, he attacked two Albatross biplanes and brought them down east of Thiaucourt. He not only brought down the enemy planes, but rescued Lieut. James A. Melsner of the 10th Pursuit Squadron, who had been shot down and was hanging from the wreckage of his plane.

Official reports credit Lieut. Rickenbacker with a fifth German airplane, making the necessary "ace" score. This has not yet been officially confirmed, but doubtless will be shortly.

Lieut. Rickenbacker went over to France about eight months ago. His first position, it is said, was that of chauffeur for Gen. Pershing. It is interesting to note that since going to France, the lieutenant has slightly changed the spelling of his last name. In Los Angeles the spelling was "Rickenbacker," but now the "i" is replaced with "e." It is understood here that this was to remove the Teuton taint from it. Lieut. Rickenbacker's letter says:

May 5, 1918.

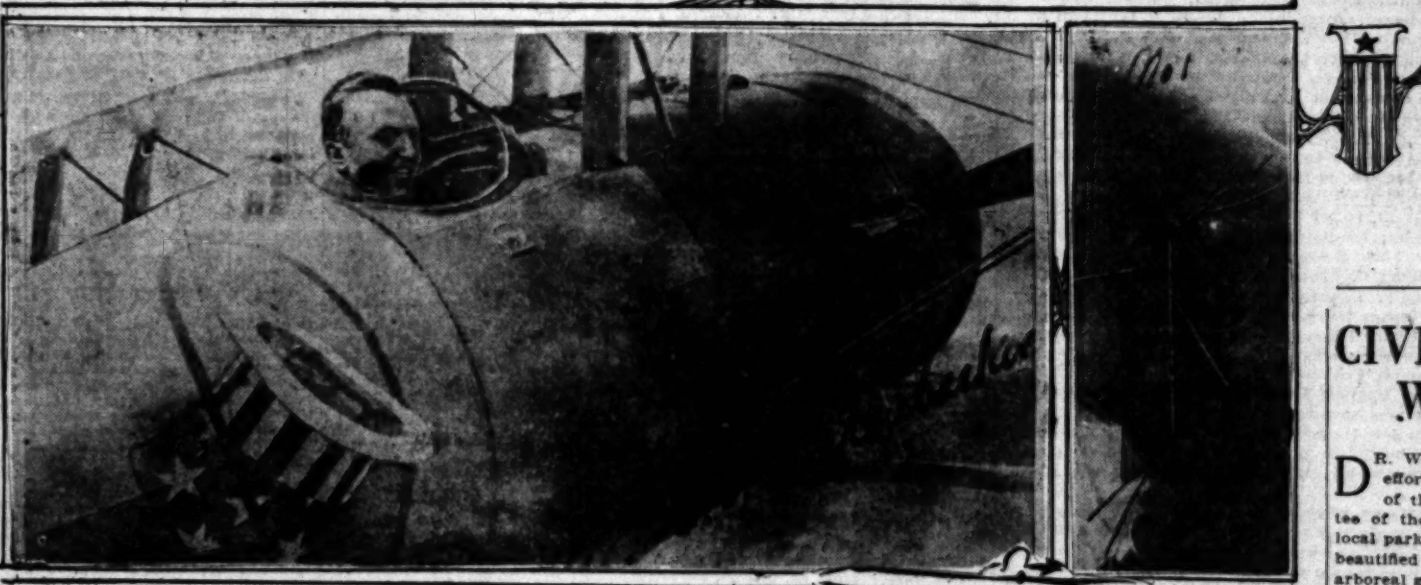

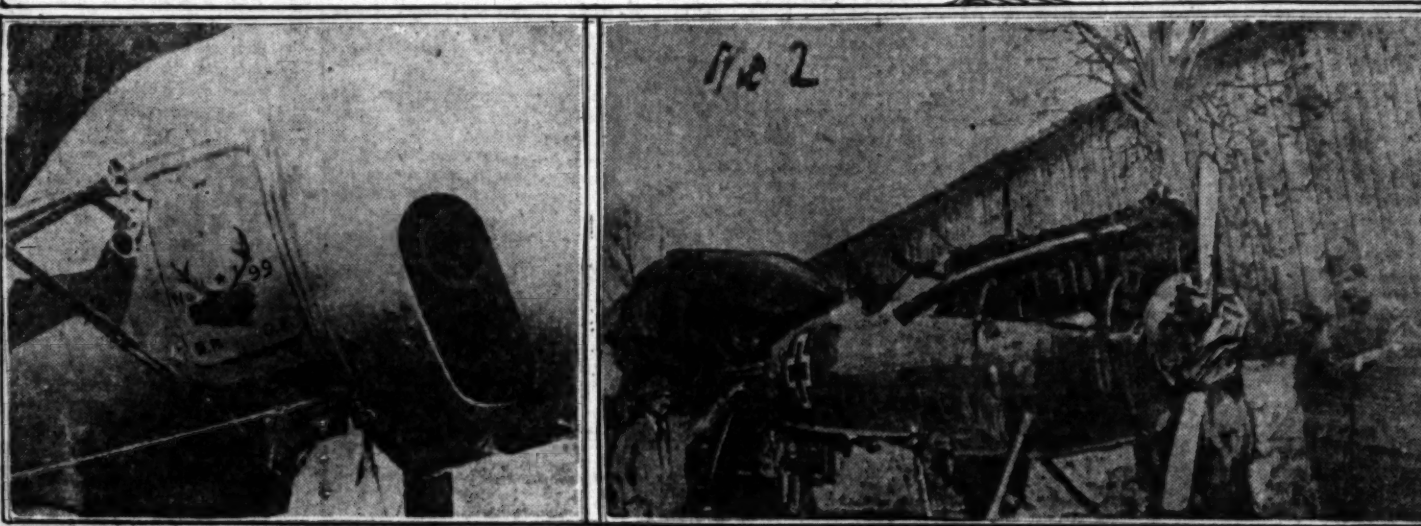

Los Angeles Lodge No. 23, B.P.O. Elks, No. 200 South Olive street.

My dear brothers:

Your token of appreciation for patriotic services received this morning. I am very grateful for it. It makes me realize that we "over here" have not been forgotten regardless of the 6000 or 7000 miles which separate us, in body only. You may feel confident that the spirit of all "over here" is of the highest, but allow no one to forget that spirit of the boys "over here" cannot win battles alone; there must be a helping hand by every man, woman, boy and girl able to do so, for, with the proper material and equipment so necessary to win these days of destruction, and spirit which prevails here, the Allies cannot be beaten. Remember that kind thoughts and good wishes are always appreciated, but without airplanes, cannon and abundance of all equipment and munitions.

PATRIOTISM CUTS DOWN DRAFT REGISTRATION.

Total Answering Second Enrollment is One-third Under Estimate Because of Enlistments.

With three out of the eighteen city draft boards yet to be heard from at midnight last night, the registration total was 2240 out of an expected registration of these same fifteen draft boards of 3250. The boards whose figures were not available last night were Nos. 5, 9 and 14, and the returns from these boards, it is expected, will make the total number registered in the city about 3500.

Following are the individual board figures:

At the Ann-street school, where a branch of the Workman-street registration office was opened, Jesus Conno, reporter to be the Sean Brumell of the neighborhood, made his appearance, and wanted to register. He stated that he was 21 years old tomorrow. Chairman William H. Cady, although reluctant to do so, was obliged to tell Conno that he'd have to volunteer if he wants to get into the service this year.

Maximo Marquez, a Mexican youth, whose twenty-first birthday occurred Tuesday, registered at the Ann-street school late yesterday afternoon. He asked for exemption on the ground that he contributes largely to the support of his parents.

CIVIC WORKER KILLED WHEN AUTO OVERTURNS.

DR. W. S. CLARK, through the efforts of whom, as chairman of the Tree Planting Committee of the City Club, many of the local parks and highways have been beautified with various forms of arboreal growth, was instantly killed yesterday when the automobile in which he was riding with a friend overturned near Compton. Dr. Clark was 62 years of age and lived at No. 2218 Raymond avenue.

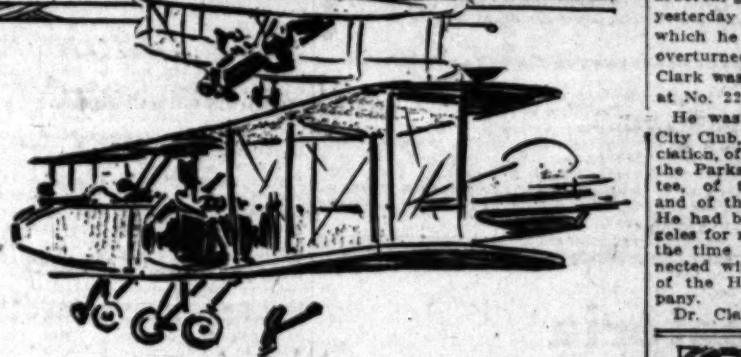

He was a prominent member of the City Club, of the City Planning Association, of which he was chairman of the Parks and Boulevards Committee, of the Arboricultural Society and of the County Medical Society. He had been a resident of Los Angeles for more than thirty years. At the time of his death he was connected with the Los Angeles office of the Horlick Malted Milk Company. Dr. Clark leaves a widow, Mrs. Jennie M. Clark, a son, Edward, and Mary Clark, a daughter. The son, who has been in Yosemite Valley, was at once notified of his father's death, and will arrive in time for the funeral.

The funeral services are to be held tomorrow from the Los Angeles Undertaking Parlor, No. 2929 Pasadena avenue, at 3 o'clock. Interment is to be at San Francisco.

MRS. SLOAN-ORCUTT OUT AND IN AGAIN.

The Park Commission yesterday took unusual action when it accepted the resignation of Mrs. Leafe Sloan-Orcutt, president of the commission, and then re-elected her. She will serve until January 1, next.

Mrs. Sloan-Orcutt resigned because she believed the honor should be distributed among the members.

TAXICAB DRIVER SHOT IN ROBBERY ATTEMPT.

POLICE detectives last night arrested at Wilmington an Italian named M. Savarino, living at No. 721 Clover street, who is alleged to have shot and probably fatally wounded T. Selenius, a taxicab driver of No. 631 San Julian street, yesterday afternoon, in an attempted robbery.

Selenius was found unconscious in an isolated part of the road to Wilmington by the harbor police with two shots through his abdomen and one through his left arm. He was rushed to the Receiving Hospital, where the surgeons state he has little chance of recovery.

In a statement to the police before undergoing a major operation, Selenius declared that he was hired by Savarino yesterday afternoon to take him to Wilmington. While on the road there he stopped at a house, of which he cannot remember the location, and later drove to Wilmington.

INCOME AND EXCESS-PROFITS TAX SHOULD BE PAID TODAY.

THE TIMES was yesterday requested by the government, through John P. Carter, Collector of Internal Revenue for this district, to emphasize to the public the fact that income taxes and excess-profit taxes must be paid at once.

June 15 is the last day on which these taxes may be paid. If the public waits until the last few days before mailing in returns an avalanche of work will clog the machinery of the internal revenue office.

To avoid this, send in your payment today.

The government also requests that everybody coming within the income-tax law should go to his or her bank and purchase certificates of indebtedness instead of mailing a check to the internal revenue collector.

These certificates of indebtedness will be found in every bank and their purchase will not only assist the government materially in the collection of the income and excess-profit taxes, but also will go a long way toward clearing these certificates off the market.

Heavy penalties will follow nonpayment of the income and excess-profit taxes after midnight of June 15. Delinquents will immediately have 5 per cent. added on their taxes plus the addition of 1 per cent. per month until the taxes are paid.

FREIGHT RAISE BRINGS NEED OF BETTER ROADS.

THE increased freight rates by order of the government, effective on the 15th inst., and the evident desire of the government to discourage short hauls, will throw an added burden on county highways for distances of fifty miles or less. The increase is 25 to 100 per cent. It was stated in a letter to the Supervisors from the Associated Jobbers by the secretary and traffic manager, F. P. Gregson, yesterday.

The improvement and building of roads in Los Angeles county in order to take the traffic now becomes a serious matter, and Mr. Gregson asks the board to advise the association of the status of the action taken to this end. It was pointed out that the trucking business becomes important, and it is evident that traffic will largely increase, requiring considerable money to be spent upon it.

The board instructed Secretary McPherson to advise Mr. Gregson that no provision has been made as yet to appropriate money for highway building and improvement.

PASSING OF SUBMARINE SHOCK BOOSTS STOCKS.

Shippings and Marines Strengthen Significantly, with Others Holding.

NEW YORK, June 5.—Stocks Industrial Alcohol and Distillers, but offered little promise of a general strength today, but reacted very generally in the later dealings on moderate offerings. The setback was accepted as a natural result of the recent advance, which invited considerable profit taking.

War news was mostly favorable, but offered little promise of a general strength today, but reacted very generally in the later dealings on moderate offerings. The setback was accepted as a natural result of the recent advance, which invited considerable profit taking.

The strength of marines, especially the preferred at an extreme advance of 2 1/2 points, accompanied the news of a special meeting of the directors tomorrow. It is expected that further details of the deal with British interests will then be announced.

Coppers developed sudden heaviness in the latter part of the session, reacting 1 1/2 points, Chinese showing marked weakness. The revenue evidently anticipated adverse dividend action on some of these properties in the near future. Professional activity again contributed to the variable strength of certain speculative issues, notably tobacco, motors, oil, fertilizer.

STOCKS AGAIN IN BRISK DEMAND.

Local brokers yesterday predicted renewed speculative activity here in the near future and say that the fact that mines have been looking up is evidence of its approach. The New York market's remarkable steadiness in the result of absolute confidence and good progress was being to be secured by a demonstration of "rightfulness" at the gates of the city, it is said.

MARKET REVERSES PREVIOUS DAYS' TRADING; OATS ALSO WEAKER.

NEW YORK, June 5.—Corn today reversed its action of yesterday and turned decidedly weaker after a moderate advance. Bearish crop reports appeared to be chiefly responsible for the setback. Prices closed heavy, 3-4 to 1-5 cents net lower with July, 1.22 1/4 to 1.23 1/2, and August, 1.21 1/4 to 1.22 1/4. Oats also weaker. RUSH PLANES.

"ACE" URGES.

(Continued from First Page.)

ships to carry them we shall be
 helpless.

It is now 3 p.m., time for the
 patrol to leave, so will finish this
 article my return.

At 5 p.m. it has been a very
 and afternoon, for the flight commander
 has failed to return. There were
 three of us flying over the lines at
 about 10,000 feet altitude, when we
 saw three German Albatrosses fly-
 ing about five miles in Germany, so
 we turned to meet them. They
 never came over our lines. You
 must always fight in their territory
 or pass them up.

Naturally, the fight did not last
 long, they never do, but during the
 attack there were two Germans that
 fell, and the last I saw our cap-
 tain, he was falling from a large
 wood. The other boy and myself re-
 turned to France, for at that time
 we were flying very low; we not
 only had the danger of our enemy
 aviators, but volley after volley
 from their infantry was turned
 loose at us.

You can readily understand how
 one feels when waiting for your
 friends to return, and the sound of
 their motor is never heard again,
 and these anxious moments are felt
 often.

This same chap and I were out
 on an alert just a few days before,
 and were fortunate in bringing
 down a Hun in flames.

However, we always have our one
 hope, and try our best to believe in
 it, that he has not been killed, but
 is a prisoner.

Am I including a few snips which
 may prove interesting. No. 1, you
 will notice has a small German cross
 painted on a patch which covers a
 bullet hole. It's our habit: some-
 times the boys have up to twenty-two
 crosses where their plane has been
 hit that number of times. This is my
 first.

No. 2 shows the remainder of a
 German plane brought down in our
 line.

No. 3 shows myself with one of
 France's new type "peace pills," of
 which thousands are being dropped
 in Germany.

Then the large one shows our
 squadron insignia, Uncle Sam's hat
 in the ring, using the national col-
 ors.

Again thanking you for your
 kindness and good wishes extended.
 Fraternally yours,
 (Signed)
 H. E. Y. RICKENBACHER.

P. R. Am I including another snip
 showing our emblem painted on
 my plane, which makes it daily
 trip into Germany. Kindly extend
 my sincere thanks to the ladies of
 the Elks' Club and Comfort So-
 ciety for their kindly Easter greet-
 ings.

AGAIN IN COURT ON

EMBEZZLING CHARGE.

WOMAN SAYS GEORGE A. FOX

TOOK VALUABLES AND

DECEIVED HER.

George A. Fox, who, several days
 ago was a defendant before Justice
 J. Walter Hanby, on the charge of
 embezzling \$5100 from Mrs. Anna
 G. Walters, and who is at liberty
 on a \$3000 bond, appeared for the
 second time yesterday, before
 Justice Frank R. Porbes.

Again, Mrs. Walters was the
 complaining witness, and the
 charge against Fox was that he had
 converted to his own use \$1000 of
 her property, valued at some-
 thing over \$600. At the conclusion
 of the hearing, Fox was held in
 \$1000 bond, but he was given until
 the 15th inst. to furnish the se-
 curity, that being the date when
 the testimony will be resumed be-
 fore Justice Hanby on the original
 embezzlement charge. Fox did not
 go on the stand or furnish any testi-
 mony.

Mrs. Walters testified that on
 January 5, 1918, when she was
 about to go to San Antonio, Tex., at
 the request of Fox, he secured from
 her the tin box in question. It
 contained two life insurance policies
 issued by the Occidental Life In-
 surance Company of this city, that
 at that time had a value of \$400,
 she said. In addition there was
 a variety of valuable jewelry con-
 sisting of rings, crosses, pins and
 various articles of feminine adorn-
 ment worth about \$600, she testi-
 fied.

After her return from San
 Antonio, the woman testified she
 demanded the return of the box by
 Fox, and he agreed to give it back
 to her, making an engagement with
 her at the home of her sister in
 Hollywood, that he did not keep.
 Mrs. Walters testified that Fox got
 the box on his agreement to pay the
 premiums on the policies, which he
 never did.

While waiting for the testimony
 to begin, Fox was served with a
 notice, that he had been sued by
 Mrs. Walters in the Superior Court
 of Orange county, for the recovery
 of the orange ranch she had de-
 cided to him outright, which he is said
 to have afterwards sold for \$14,000
 cash and a business block in Long
 Beach.

LOS ANGELES will make a vigorous fight for six of the big improvement projects, which have been delayed more or less by the administration of the subcommittee.

of the Capital Issues Committee to retrench. This was definitely decided yesterday afternoon at a conference between the City Attorney and members of the Public Works Committee of the Council.

The projects which the city will insist upon are as follows:
Second-street tunnel, West First-street paving, Broadway lighting, opening of Broadway between Tenth and Eleventh streets, widening of Hill street and the Florence-avenue sewer.

At the conference it was also decided to encourage no more improvements except sanitary measures. The six projects favored by the Council have been petitioned for by a majority of the property owners in each of the assessment districts. It is the opinion of the Council that these projects are in reality war measures, because the city must be prepared to go ahead when the war is over.

These recommendations will be forwarded to the Capital Issues Committee at once.

THROWN OUT; HE SUES.

Attorney Seeks Money Back for Ejection: Says They Called Him "A Thin Horn Lawyer."

Charles Robert McCarty, a lawyer, alleges in a suit filed yesterday against F. H. Solomon and several John Does, that he was forcibly ejected from the dance hall at No. 220 South Grand avenue, late Tuesday night, and demands \$75,000 damages.

Mr. McCarty says that he was conversing with Erle Whitcomb when the incident occurred. Moreover, he says that the ejection was in the presence of 1000 patrons of the hall, and further that one of the defendants referred to him as "just a thin horn lawyer, that's all."

WILL BUILD CANNERY FOR GARDEN PRODUCE.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, June 5.—A vegetable and fruit canning and drying plant is to be installed here by the War Garden Committee to take care of all vegetables and fruits raised in the present production campaign. At least \$4000 will be invested in the plant, which will be in charge of two University of California students, W. F. Crooks, and Ralph E. Stephens. Franklin Price Knott, wealthy Montecito man, has taken the financial management of the plant, and will be assisted by Mrs. E. Price Mitchell and Miss Julia Wade, also of Montecito.

READY TO BEGIN ON SHIP PLANT.

Southern California Firm is Promised Lease.

Sixty-one Acres at the West Basin for Site.

Housing Project for Harbor Given Approval.

The Southern California Shipbuilding Corporation is prepared to begin work at once upon the construction of one of the largest shipbuilding plants on the Pacific Coast, the Harbor Commission yesterday having approved the lease of sixty-one acres at the north end of the West Basin, Wilmington. The lease will be presented to the Council this morning and it is expected also to approve it.

The corporation originally applied for seventy acres, but the commission did not have that much available space. The lease will cover a period of thirty years. It provides that the corporation must reclaim about \$400,000 worth of tide lands. It is reported that this corporation will build a large number of ships for the United States Shipping Board. The corporation is said to be subsidiary to a concern in San Francisco, which has a contract for twenty-five ships.

A revocable permit for the housing project of Dr. H. H. Stone, who is prepared to erect 1000 homes at the harbor, was approved by the Harbor Commission and it is expected that approval will soon be given the application of M. F. Terry for a revocable permit. Dr. Stone will occupy twelve acres with his building project.

Marco Hellman, head of the Southwestern Shipbuilding Company, yesterday informed Mayor Woodman that his plant soon will be using \$3000 worth of city power per day and that within sixty days there will be employed no fewer than 5000 men at the plant.

This company has a contract for building eighteen steel freighters for the government and is preparing to prosecute the work with rapidity. Mayor Woodman inspected the harbor on Tuesday and said the progress being made by the various shipbuilding concerns is marvellous.

FOR SEPARATE SUPPORT.

In a separate maintenance suit filed yesterday by Jenny Velter against Martin Velter, an outline of Mr. Velter's alleged disposition is sketched. Mrs. Velter stated that her husband is quarrelsome; that he abused her; called her relatives names; swore; ridiculed her religious beliefs; swore when she attended church; called her a religious crank and did not want her to return to live with him. She sought a reconciliation, saying she would live with him if he respected her religious ideas and would not ridicule her. The couple were married in this city March 25, 1915.

RED CROSS AFFAIRS.

Temporary Headquarters.

Red Cross war fund pledges should be paid at the Red Cross temporary headquarters, No. 718 South Hill street, was the announcement today of R. W. Allison, assistant secretary of the local Red Cross War Fund Organization.

Many people have presented themselves at the Los Angeles chapter headquarters at Tenth and Main streets to pay these pledges. Secretary Allison stated that the temporary headquarters will be moved to No. 718 South Hill street until Saturday night. After that it is the plan of the organization to transfer all business of the Red Cross war fund to their permanent offices at No. 326 Merchants' National Bank Building, Sixth and Spring streets.

By Stanton W.R.C.

The Loyal Women's Sewing Society and Red Cross Auxiliary of Stanton W.R.C., No. 16, will hold an all-day session tomorrow at Patriotic Hall, No. 1818 South Figueroa street.

Red Cross Benefit.

A Red Cross benefit of the Chermoy-avenue school of Hollywood will be held at the home of Thomas H. Inc, No. 5228 Franklin avenue, tomorrow, at 7:30 o'clock. Miss Marion Burns will appear as hostess. This is one of a series of entertainments which are being presented by the school.

OUR BUILDING BUREAU O.K.

Building Inspector J. J. Backus yesterday returned from an extended visit in the East. He visited practically all of the large cities and said none of them has a building department quite so efficient as Los Angeles.

Given Our Quota.

RED CROSS SEEKS MANY NURSES IN LOS ANGELES.

LOS ANGELES quota of the national campaign launched by the American Red Cross for 25,000 nurses for immediate service is 250. In response to a call from the Surgeon-General of the army and navy, the local headquarters has issued a call for graduates of accredited nursing schools. The additional hospital forces are required to meet the increased forces that the draft will bring forth. Nurses are at liberty to sign for either foreign or home service. Twelve thousand nurses are required for each 1,000,000 men under ordinary conditions, but in time of a big drive more are needed.

In charge of the local recruiting is Miss Edith S. Bryan, located at the Red Cross headquarters at Tenth and Main streets. According to Miss Bryan a communication was received from Washington yesterday stating that registration is no longer necessary. This, she said, was not true until yesterday.

"The country is crying for its nurses," declared Miss Bryan yesterday. "The public is asked particularly to release nurses from private duty. A large number are serving as companions and can be replaced by uncertificated nurses. "All nurses accepted will have the same assurance of their safety as any enlisted man. They are to have the same rate of insurance and can take out policies up to \$10,000."

In addition she stated that applications for enrollment can be made at the Red Cross headquarters, Tenth and Main streets. Here they will be received by Miss Bryan, or by other members of the local committee of the American National Red Cross Nursing Service Commission. These are Mrs. Charles D. Lockwood of Pasadena, Mrs. Jannette Peterson, Miss Florence Henderson, Miss Margaret McClure and Miss Jane Pollock.

Signing the following application does not constitute enrollment as a Red Cross nurse. It merely signifies that the nurse has indicated her willingness to enroll. Thereafter she will be obliged to meet the requirements of the Department of Nursing of the American Red Cross and if accepted will receive an appointment card and a Red Cross badge.

PATRIOTISM CUTS DRAFT.

(Continued from First Page.)

and several little sisters in Old Mexico.

One of the first young men to register yesterday morning was H. L. Ludlow of No. 217 South Flower street. He received the first card from District No. 17. Two Japanese youths were also in on the early rush at this registration office.

COSMOPOLITE CROWD.

In District No. 17 Spencer Adkins herded the most cosmopolitan crowd of them all. The board of which he is chairman registered upwards of twenty nationalities during the day. The majority of the foreign population consisted of Russians, Japanese and Chinese. There are a great many Armenians, Italians, Syrians and Mexicans in this district, and the working classes predominate.

Chairman Adkins expects some confusion, owing to the fact that an impression to the effect that the registration would continue for three days gained general circulation in the district. He says he expects many belated registrations, although such should not be the case according to the rules of the draft.

At the schoolhouses in districts where foreigners make up the bulk of the population, teachers facilitated the draft registration by sending each pupil home Tuesday with a card upon which was set forth the registration call. The pupils read these cards aloud to every member of each household and then returned the cards to their teachers. Each card bearing the signature of the pupil and one of the parents in each family where the card was read.

Chairman Cady further facilitated the educational work by having the registration call published in Spanish and Russian newspapers.

Until today it was the impression of the registrars that fully 4000 men just turned 21 would be registered here, but it is now quite apparent that someone reckoned without the volunteers. The several recruiting stations here assert that enlistments among men who are between the ages of 19 and 21 years have been exceedingly heavy in recent weeks.

George J. Denis, chairman of District No. 17, calls attention to the fact that although between 800 and 900 registrations were expected there the actual number appears to be 25 per cent. lower. This seems to have been the case everywhere. It is a condition which is causing exemption boards to rejoice, because it means less detail work for them. "All nurses accepted will have the same assurance of their safety as any enlisted man. They are to have the same rate of insurance and can take out policies up to \$10,000."

Motion Pictures A War Necessity

WAR TIME economy properly consists of both saving and spending wisely.

Two great institutions demand your war time patronage, both in value to you and in service to your country, they are: the newspaper and the motion picture.

It is your obligation to be well informed, to know the will and purposes of your government, to share in its successes, to laud its heroes, to succor the wounded, to keep the home fire burning.

The motion picture brings you the story of the war and our nation at war that words can not tell. The picture, too, has a function of entertainment. The United States is not in sack cloth and ashes.

While we war we live.

The motion picture industry's war time right to existence is proven in the large uses to which the pictures are being put by the United States government, notably the Committee on Public Information, in behalf of the War and Navy Departments, by the U. S. Food Administration, the Liberty Loan Committees, the Shipping Board and all kindred arms of our war administration. The pictures live because they serve. The motion picture industry has enlisted for "duration of the war." That enlistment has been voluntary, enthusiastic and with wholehearted fervor of patriotism.

Your motion picture theatre presents you not extravagance but wholesome opportunity to buy of knowledge, experience and entertainment, to know your country and the affairs of the warring world.

Patronize your theatres.
